H. A. NOYES, Pastor.

Would Be Glad to See Better Weather.

David Hynd was in town Saturday from the sheep ranch of Hynd Brothers in Sand Hollow. He states that all their stock has come thru the winter in splendid condition, plenty of feed and good care are responsible. The winter has not been a severe one, yet the present cold and unsettled weather is not propitious for lambing and shearing, the season for which is fast approaching and Mr. Hynd would be glad to see it turn warmer. The range would then begin to improve and the danger of loss of both lambs and shorn sheep would be greatly lessened.

Arrangements now being made mean that 2,000 horses which heretofore have drawn touring stage coaches through Yellowstone National Park will be sold for use in European armies and their places taken during the coming summer by automobiles. Under the plans now being worked out there will hereafter be three companies instead of seven controlling hotels, camps and tours of the famous park.

Under this scheme the hotels will be under one management, the camping outfits under another, and the staging in the past operated by four systems will have one head. The change will remove one of the picturesque features of the Yellowstone tour but at the same time will facilitate the trip thru Geyserland. The change is made at an opportune time from a pecuniary viewpoint, as the horses that will go to the European fighting governments will bring the highest prices.

The former arrangement caused a multiplicity of service that was somewhat confusing to the public. Under the new deal the general public service will be brought to a high standard of efficiency, which will mean that the park, with its great natural wonders, will be more easily viewed than before. Under the new management, Howard H. Hays, who has had charge of numerous camping outfits dictated by the government, will be the general tours agent for the Chicago, Union Pacific, Northwestern Tours.

One of the most gratifying evidences of returning prosperity is the very heavy traffic over the lines of the Oregon-Washington Railroad & Navigation Company, which is making it necessary to re-lay its rails over the Blue Mountains with hundred-pound steel. At present ninety-pound steel is used, but the heavy volume of traffic finds these rails insufficient for the strain.

These rails will be the heaviest used by any railroad in the West, and the total cost will approach close to a half million dollars.

The first unit of the work will comprise about thirty miles. Other units will be undertaken as circumstances warrant.

FOR SALE—1840 Acre Wheat and Stock Ranch, well improved. Plenty of spring water for stock. All farm implements and improvements go with the place. Easy terms. Eight miles from railroad. Inquire M. J. Devin & Sons, Heppner, Ore.

Kellogg is the Morrow county agent. See the truck on the streets, doing daily demonstration work.

INDUSTRIAL ITEMS OF GENERAL INTEREST

Lebanon has an assured cannery project.

Estacada gets a beverage cereal factory.

Gresham fruit-growers will rebuild burned cannery.

Erb Kirk Sells Ranch.

Erb Kirk this week sold his 640 acre ranch located in the head of Six Dollar Canyon, to Ralph Bengt. The consideration was \$12,000.

Mr. Bengt, who formerly farmed a big wheat ranch in Clarks Canyon before he sold out to W. H. Padberg, will probably not engage actively in farming his new property, but will rent to reliable parties. He believes that Morrow county lands afford the best opportunity for investment that can be found anywhere today. We have not heard what Mr. Kirk intends to do. Roy V. Whiteis, local real estate dealer, put through the deal.

Alfalfa Seed.

We have on hand a considerable quantity of highest quality alfalfa seed. Get your orders in early if you want any.

Heppner Milling Co.

Your friends can buy anything you can give them—except your photograph. Sigbee Studio.

For Sale or Trade—Belgian stallion, 8 years old, weight 1600, bred from imported horse, will sell for \$200 or trade for horses. Good colt getter. Jas. Carty.

Glasses fitted satisfactorily by Dr. Winnard, or money refunded. His prices are reasonable, and he is where you can always find him. No charge for testing eyes.

Two spans of geldings for sale, 5 years old, well broke. F. E. Mason, Lexington.

BUICK DESIGN

BUICK VALVE-IN-HEAD POWER

The rightness of the Buick Valve-in-Head motor and not the enthusiasm of its salesmen has made the Buick conspicuous for leadership.

This new four has a Buick Valve-in-Head motor (with electric starter) which develops thirty-five horse power on brake test and is so reliable for rugged service that no eulogy is necessary among "men who know Buick."

Its lines are beautiful. Finish and color are exceptional. Deep, tufted black genuine leather upholstery. Covered floor and running board, with aluminum bindings, give a trimness of appearance that is peculiarly Buick.

Body, hood, fenders and running gear are painted a glossy, long-wearing black; wheels are black with white stripes. Tires 31x4 inches.
